‡Graduation rate is calculated as follows: The number of students who graduate on time (G1) plus the number of students who graduate within 150% of the expected time (G2) divided by the number of students admitted in the original cohort (G3) minus the number of students who withdrew due to military, health, family issues, death, and other reasons not related to academic and clinical performance (G4). Calculation per calendar year is = (G1 + G2) / (G3 – G4).
