ChattahoocheeTech Foundation

About The Foundation

The Chattahoochee Tech Foundation is a 501(c)(3) organization designed to provide financial support for Chattahoochee Technical College, its students and programs.

We partner with businesses and friends like you to make higher education an affordable reality for students in our community. We provide scholarships and emergency funding for students in need. We also play a vital role in procuring the specialized equipment needed for programs of study, and in upgrading on-campus facilities. As we diligently fulfill our mission, we are changing lives daily while making our communities stronger and better.

About Chattahoochee Tech

Chattahoochee Technical College provides a high-quality and easily accessible education for students to become the skilled professionals needed in our local workforce. A Unit of the Technical College System of Georgia (TCSG), Chattahoochee Tech has nine campus locations serving some of Georgia's most dynamic counties in the Metro Atlanta area.

We offer real-world training that helps students quickly start, change, or accelerate their careers. In addition to technical studies, we offer a wide range of programs of study from nursing and healthcare to computer technology, business, and digital media. Innovative new programs like brewing have been added recently along with programs of study in aviation at our new Aviation Training Academy.

With the large number of businesses in our community hiring our graduates for over 60 years, we like to say, "Everyone knows someone who went to Chatt Tech!"

"I am excited to be a part of Chattahoochee Tech. This partnership has been a great resource for Ed Voyles Honda. It has been our pleasure to offer scholarships to students and give them what they need to succeed in the job market."

Pete Richards
General Manager
Ed Voyles Honda

You can make a difference in the life of a student at Chattahoochee Technical College and support workforce development in your community by supporting the Chattahoochee Tech Foundation.

"The people here at Chattahoochee Tech are very strong advocates of helping us get the resources that we need. This is immensely helpful! Even with the Ed Voyles scholarship, I had an advisor (Amanda Henderson) reach out to me about this opportunity, that the deadline was coming up to apply."

How We Help

When faced with increasing expenses or a sudden economic hardship, our students are often forced to decide between continuing to invest in their education or devoting those funds to family needs or the general cost of living. With help from generous donors, the Chattahoochee Tech Foundation can alleviate that burden.

The Foundation helps students stay and graduate!

Of students receiving a scholarship, 81% graduate from their program of study. This benefits not only the student but the workforce in our community.

On average the Foundation:

Awards \$100,000 in annual scholarships

Issues \$20,000 in emergency grant funds

Provides \$15,000 in textbooks, bus passes, and temporary housing to students in need

Offers \$20,000 in faculty and staff conference grants

Ways to Give

Cash Gifts: The simplest and easiest gifts can be made through credit/debit card transactions online at:

www.ChattahoocheeTech.edu/Foundation

Checks or money orders also are welcome, payable to the Chattahoochee Tech Foundation.

Gift Pledges: Make a financial promise payable according to the terms that you establish with us. We provide quarterly reminders until the full pledge amount is received.

In-Kind Gifts: Provide a gift of personal property, such as machinery, equipment, or tools. These gifts help the college provide hands-on, real world training for our students in many programs of study.

Matching & Deferred Gifts: Double or even triple your donation at no additional personal expense through your employer's Matching Gift program. We can also work with your financial advisor to establish Deferred Gifts, which include bequests, trusts, annuities, and real estate.

Scholarships: Contribute to the Chattahoochee Tech Scholarship Fund, which awards scholarships to students enrolled in programs for high-demand careers, as determined by the college President. Donors who give \$1,000 or more are invited to meet scholarship recipients at our annual scholarship reception.

Endowed scholarships, designed to be permanent and perpetual, are established with a minimum \$25,000 donation. We administer the scholarship recipient selection process based on eligibility requirements that you determine.

Annual Fundraiser: Provide a corporate sponsorship or purchase tickets for the Chattahoochee Tech Foundation's annual fundraiser. Proceeds from this event help with funding student scholarships and emergency grants.

Kroger Shoppers: Select the Chattahoochee Tech Foundation (Organization #TW474) as your reward recipient on the Kroger Community Rewards page. Each time you use your Kroger Plus Card, the Foundation will receive a donation based on your purchase total.

Your gift is tax-deductible to the full extent of current tax laws. Please contact your accountant or tax preparer for more information. All donors are promptly provided with an acknowledgment letter/receipt for tax purposes. Federal EIN 58-1684206.

"When I started school, I knew that funding my education was going to be an obstacle. Receiving this scholarship relieved a lot of stress for me. It allowed me to work just enough to pay the bills but still have enough time and energy to do my best with my schoolwork. A little over two years ago I didn't have a degree. Now I have a job that requires one! I went from working nights and weekends with no health insurance to having a regular Monday through Friday career with insurance and paid vacation. It's amazing really!"

Kailin Boek, Drafting Technology

"I am so grateful for the scholarship. Tuition can get very expensive when you are only working a few times a week due to the requirements and commotion that comes along with nursing school. The Phyllis Abbey Lantz Nursing Scholarship made a huge difference because it relieved a huge burden of tuition costs. I am thankful for the opportunity to be able to further my education without having to worry about which bill is going to have to wait until the next month."

Maeve Turpin, Associate of Science in Nursing.
