Apply Now

You must first apply to the position through the Lockheed Martin Careers website. Click the link or scan the QR code

[Production Assembler - Chattahoochee Tech Training Program | Lockheed Martin](#)

Lockheed Martin Marietta Assembly Facility

Lockheed Martin has full authority on admittance to the program. Upon being successfully admitted by Lockheed Martin they will direct Chattahoochee Tech to admit you to the program.

- The 10 week long program consists of 10 ½ hour instructional days including a ½ hour lunch. 7am - 5:30pm 4 days a week.
- During the first 5 weeks you will be a student of the Chattahoochee Tech Aviation Training Academy.
- If you meet all the competencies during the first 5 weeks and Lockheed Martin deems you employable based upon your skills and grades they will hire you as a Lockheed Martin employee on day 1 of week 6.
- During weeks 6 through 8 you will complete the remainder of your projects and training at Chattahoochee Tech while getting paid as a Lockheed Martin employee.
- During weeks 9 and 10 you will report to the Lockheed Martin Marietta Assembly facility to finish out the last two weeks of training. From there you will become a full-time Lockheed Martin employee.

Please direct any questions or concerns to Lockheed Martin about admittance. For further information or a tour of our Aviation Training Academy campus sign up at:
